

Top 10 Reasons for using Prios Foundation

**More project.
Less management**

Prios Foundation

The innovative project management solution for small and medium enterprises

Collaboration within projects gains more and more importance. Due to the continually changing business environment, sharing workloads on a global basis or working in multi-national, inter-disciplinary teams, supported by information and communication technology is part of the daily business for many of us. With Prios Foundation, you finally get the right tool, easy to use and fast to implement.

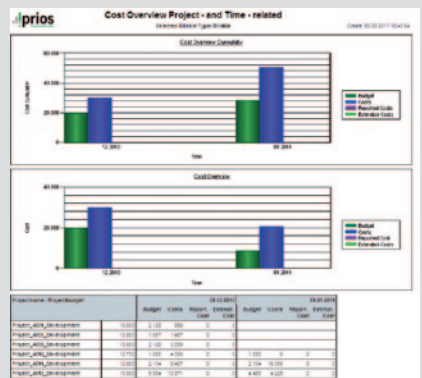

TECHNICAL REQUIREMENTS

Prios Foundation requires Microsoft Windows SharePoint Services 3.0 or Office SharePoint Server 2007.

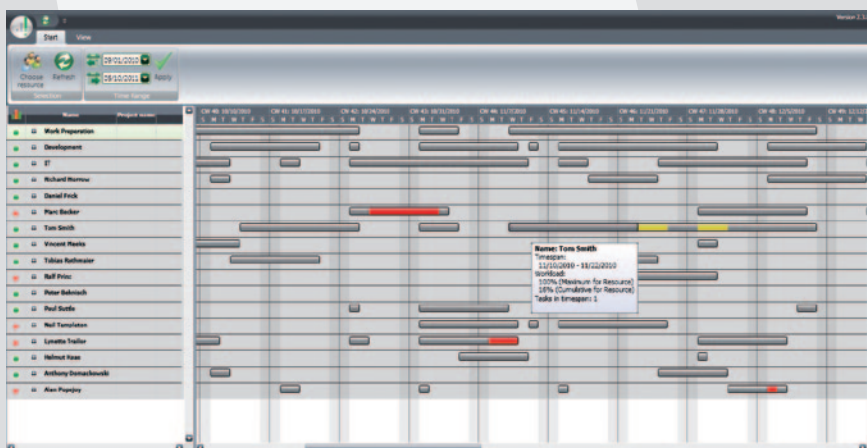

All necessary information at a glance

up-to-date financial information

Top 10 Reasons for using Prios
