

DIGITAL TRANSFORMATION WITH INNEO

INNEO[®] is the innovative driving force for your success. Comprehensive competencies in the areas of product development & manufacturing, simulation, digital reality, information technology and IoT/ Industry 4.0 make us a reliable digitalisation partner for our customers from a wide range of industries. As an award-winning solution provider we deliver systematic, well thought-out and successful innovation management solutions.

That's IT.

STRONG PARTNERSHIPS

INNEO Solutions has long-standing partnerships with over 80 companies. When selecting our partners, we always focus on our customers and their goals. For example, INNEO is a PTC Platinum Partner, ANSYS Elite Partner, KeyShot Platinum Partner, HP Preferred Gold Partner, NetApp Platinum Partner and Microsoft Gold Partner.

WHY INNEO

Today, the whole world is talking about digitalisation - INNEO Solutions has been driving it forward for more than 30 years. INNEO pioneered the path from the drawing board to 2D and 3D CAD, establishing ourselves as an innovative and reliable partner to leading manufacturers. INNEO combines technology, proven and industry-specific solutions and know-how along the entire value chain to ensure maximum, sustainable benefit for the customer.

Everything from a single source - our solutions for:

- Product development (CAD/CAM, PDM/PLM)
- Simulation and analysis
- Information technologies, cloud and managed services
- Industrial Internet of Things (IIoT) and Industry 4.0
- Digital Reality (CGI, VR/AR, virtual showrooms and trade fairs)
- as well as service, consulting and training

SATISFIED CUSTOMERS ARE THE BEST REFERENCE

INNEO works successfully with companies from various industries and with very different requirements. Customer satisfaction is our top priority, which is also reflected in our annual survey results. For example, INNEO achieved an excellent score of 1.72 in the 2023 customer survey.
