

NeoSpace[®] Expo

The flyers are printed, the equipment packed and the staff planned – then the sobering news: the fair is cancelled due to the current situation. What now? NeoSpace[®] Expo allows you to hold your trade fair virtually. The digital showroom in real-time 3D is ideal for product presentations, in-house exhibitions, recruiting events and as a digital twin of your real exhibition stand. With no space restrictions and no logistical limitations, you can even display large CAD machine lines packed full of useful information.

YOUR PRODUCTS IN THE LIVING ROOM OF YOUR CUSTOMERS & PROSPECTS

NeoSpace® Expo is available at any time and on any device. Even after work hours, you can reach your customers easily and familiarise them with your products in a unique way. You design the showroom yourself in NeoSpace® Essentials and bring it to life with your own content. In this way, you strengthen your brand as an innovation leader in the long term and are equipped for all eventualities.
